From: Michael Erke, Bill Referral Consultant

Date: 3/21/18

Re: Consent Bill Referrals

Since you received your preliminary lists of bill referrals, the referral recommendation for the following bills has been changed: AB 2508, AB 2656, AB 2698, AB 3082, and AB 3119. AB 2986 and HR 89 were removed from the referral list, and ACR 206 was added.

Introduced by Assembly Member Jones-Sawyer

March 12, 2018

Assembly Concurrent Resolution No. 198—Relative to Dr. Martin Luther King, Jr.

LEGISLATIVE COUNSEL'S DIGEST

ACR 198, as introduced, Jones-Sawyer. Dr. Martin Luther King, Jr.: 50th anniversary of assassination.

This measure would recognize Dr. Martin Luther King, Jr., on April 4, 2018, the 50th anniversary of his assassination, his numerous accomplishments and contributions to the nation, and the long-lasting influence that his words and legacy continue to have globally.

Fiscal committee: no.

- 1 WHEREAS, Dr. Martin Luther King, Jr. was assassinated 50 years ago in Memphis, Tennessee, on April 4, 1968; and
- 3 WHEREAS, His sacrifice continues to reverberate throughout
- 4
- the nation in large and small ways and our nation is still trying to
- recover from Dr. King's death and the opportunities for racial
- equality, economic justice and peace, what Dr. King referred to
- 7 as a "beloved community" that seemed to recede in its aftermath;
- 8 and
- 9 WHEREAS, Dr. Martin Luther King, Jr. was a Baptist minister
- 10 and founder of the Southern Christian Leadership Conference
- (SCLC), who had led the civil rights movement since the
- mid-1950s, using a combination of impassioned speeches and 12

nonviolent protests to fight segregation and achieve significant civil rights advances for African Americans; and

WHEREAS, His sacrifice led to an outpouring of anger among black Americans, as well as a period of national mourning that helped speed the way for an equal housing bill that would be the last significant legislative achievement of the civil rights era; and

WHEREAS, In the last years of his life, Dr. King sought to widen his appeal beyond his own race, speaking out publicly against the Vietnam War and working to form a coalition of poor Americans—black and white alike—to address such issues as poverty and unemployment; and

WHEREAS, In the spring of 1968, while preparing for a planned march to Washington to lobby Congress on behalf of the poor, Dr. King was called to Memphis, Tennessee, to support a sanitation workers' strike and on the night of April 3, Dr. King gave a speech at the Mason Temple Church in Memphis; and

WHEREAS, In his speech, Dr. King seemed to foreshadow his own untimely passing, or at least to strike a particularly reflective note, ending with these now-historic words: "And I've seen the promised land. I may not get there with you. But I want you to know tonight, that we, as a people, will get to the promised land. And so I'm happy, tonight. I'm not worried about anything. I'm not fearing any man. Mine eyes have seen the glory of the coming of the Lord."; and

WHEREAS, Just after 6 p.m. the following day, Dr. King was standing on the second-floor balcony of the Lorraine Motel, where he and his associates were staying, when a sniper's bullet struck him in the neck. He was rushed to a hospital, where he was pronounced dead about an hour later, at the age of 39; and

WHEREAS, Shock and distress over the news of Dr. King's death sparked rioting in more than 100 cities around the country, including burning and looting, and where amid a wave of national mourning, President Lyndon B. Johnson urged Americans to "reject the blind violence" that had killed Dr. King, whom he called the "apostle of nonviolence"; and

WHEREAS, He also called on the United States Congress to speedily pass the civil rights legislation then entering the House of Representatives for debate, calling it a fitting legacy to Dr. King and his life's work, and on April 11, President Johnson signed the Fair Housing Act, a major piece of civil rights legislation; and

-3- ACR 198

1 WHEREAS, Dr. King has remained the most widely known African American leader of his era, and the most public face of 2 3 the civil rights movement, along with its most eloquent voice; and WHEREAS, A campaign to establish a national holiday in Dr. 4 5 King's honor began almost immediately after his death, to honor his life and accomplishment; now, therefore, be it 6 Resolved by the Assembly of the State of California, the Senate 7 thereof concurring, That the Legislature hereby further recognizes 8 Dr. Martin Luther King, Jr., on April 4, 2018, the 50th anniversary 10 of his assassination, his numerous accomplishments and contributions to our nation, and the long-lasting influence that his 11 12 words and legacy continues to have globally; and be it further Resolved, That the Chief Clerk of the Assembly transmit copies 13 of this resolution to the author for appropriate distribution. 14

ASSEMBLY COMMITTEE ON RULES

Ken Cooley, Chair ACR 198 (Jones-Sawyer) – As Introduced March 12, 2018

SUBJECT: Dr. Martin Luther King, Jr.: 50th anniversary of assassination.

SUMMARY: Recognizes Dr. Martin Luther King, Jr. on April 4, 2018, the 50th anniversary of his assassination, his numerous accomplishments and contributions to the nation, and the long-lasting influence that his words and legacy continue to have globally. Specifically, **this resolution** makes the following legislative findings:

- 1) Dr. Martin Luther King, Jr. was a Baptist minister and founder of the Southern Christian Leadership Conference (SCLC), who had led the civil rights movement since the mid-1950s, using a combination of impassioned speeches and nonviolent protests to fight segregation and achieve significant civil rights advances for African Americans.
- 2) Dr. Martin Luther King, Jr. was assassinated 50 years ago in Memphis, Tennessee, on April 4, 1968.
- 3) His sacrifice continues to reverberate throughout the nation in large and small ways and our nation is still trying to recover from Dr. King's death and the opportunities for racial equality, economic justice and peace, what Dr. King referred to as a "beloved community" that seemed to recede in its aftermath.
- 4) His sacrifice led to an outpouring of anger among black Americans, as well as a period of national mourning that helped speed the way for an equal housing bill that would be the last significant legislative achievement of the civil rights era.
- 5) In the last years of his life, Dr. King sought to widen his appeal beyond his own race, speaking out publicly against the Vietnam War and working to form a coalition of poor Americans black and white alike to address such issues as poverty and unemployment.
- 6) In the spring of 1968, while preparing for a planned march to Washington to lobby Congress on behalf of the poor, Dr. King was called to Memphis, Tennessee, to support a sanitation workers' strike and on the night of April 3, Dr. King gave a speech at the Mason Temple Church in Memphis.
- 7) Just after 6 p.m. the following day, Dr. King was standing on the second-floor balcony of the Lorraine Motel, where he and his associates were staying, when a sniper's bullet struck him in the neck. He was rushed to the hospital, where he was pronounced dead about an hour later, at the age of 39.
- 8) Dr. King has remained the most widely known African American leader of his era, and the most public face of the civil rights movement, along with its most eloquent voice.

March 20, 2018

Assembly Concurrent Resolution No. 206—Relative to California Diversity in STEM and Tech Week.

LEGISLATIVE COUNSEL'S DIGEST

ACR 206, as introduced, Holden. California Diversity in STEM and Tech Week.

This measure would designate April 1, 2018, to April 7, 2018, inclusive, as California Diversity in STEM and Tech Week and would encourage all citizens and community organizations to support the observance of California Diversity in STEM and Tech Week by encouraging and celebrating diversity in the STEM fields and in California's technology and innovation economy.

Fiscal committee: no.

- 1 WHEREAS, Science, Technology, Engineering, and
- 2 Mathematics (STEM) are critical fields for the success of
- 3 California's technology and innovation economy; and
- 4 WHEREAS, Many of the fastest growing occupations in the
- 5 United States require some form of expertise in the areas of STEM;
- 6 and
- 7 WHEREAS, STEM careers represent some of the highest-paying
- 8 positions in any field, thereby providing desirable career
- 9 opportunities and real pathways out of poverty; and

99

ACR 206 — 2 —

WHEREAS, Preparing students for the STEM workforce is essential to fulfill the demands of our 21st century, innovation-focused economy; and

WHEREAS, A significant diversity gap exists in participation in STEM disciplines and the technology workforce; and

WHEREAS, While women make up nearly 50 percent of the working population, they represent only about 28 percent of the STEM workforce; and

WHEREAS, While African Americans constitute 17 percent of the United States population, they represent only 5 percent of the STEM workforce; and

WHEREAS, While Latinos make up 17 percent of the United States population, they represent only 6 percent of the STEM workforce; and

WHEREAS, Only 2.5 percent of the total workforce identifies as lesbian, gay, bisexual, transgender, or queer (LGBTQ), with an estimated 20 percent fewer LGBTQ workers in government STEM-related jobs than should be expected; and

WHEREAS, While women and underrepresented communities constitute about 70 percent of college students, they earn only 45 percent of STEM degrees; and

WHEREAS, Out of the total bachelors degrees earned in STEM fields, only 45 percent are earned by women, and only 36 percent are earned by underrepresented minorities; and

WHEREAS, In California, the diversity disparities in STEM education are similar, if not more pronounced, as only 16 percent of computer science graduates in California are women; and

WHEREAS, Despite underrepresentation in the STEM fields, there are many individuals from these minority backgrounds in California who serve as role models for youth preparing for STEM careers; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature encourages all citizens, community organizations, and the technology industry to support the observance of California Diversity in STEM and Tech Week by encouraging and celebrating diversity in the STEM fields and in California's technology and innovation economy; and be it further

-3-**ACR 206**

- *Resolved*, That the Legislature declares the week of April 1, 2018, to April 7, 2018, inclusive, as California Diversity in STEM and Tech Week; and be it further

- 4 Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

ACR 206 (Holden) – As Introduced March 20, 20

SUBJECT: California Diversity in STEM and Tech Week.

SUMMARY: Designates April 1, 2018, to April 7, 2018, inclusive, as California Diversity in STEM and Tech Week. Specifically, **this resolution** makes the following legislative findings:

- 1) Science, Technology, Engineering, and Mathematics (STEM) are critical fields for the success of California's technology and innovation economy.
- 2) STEM careers represent some of the highest-paying positions in any field, thereby providing desirable career opportunities and real pathways out of poverty. Preparing students for the STEM workforce is essential to fulfill the demands of our 21st century, innovation-focused economy.
- 3) A significant diversity gap exists in participation in STEM disciplines and the technology workforce. While women make up nearly 50 percent of the working population, they represent only about 28 percent of the STEM workforce; African Americans constitute 17 percent of the United States population, they represent only 5 percent of the STEM workforce; Latinos make up 17 percent of the United States population, they represent only 6 percent of the STEM workforce.
- 4) Only 2.5 percent of the total workforce identifies as lesbian, gay, bisexual, transgender, or queer (LGBTQ), with an estimated 20 percent fewer LGBTQ workers in government STEM-related jobs than should be expected.
- 5) While women and underrepresented communities constitute about 70 percent of college students, they earn only 45 percent of STEM degrees.
- 6) Despite underrepresentation in the STEM fields, there are many individuals from these minority backgrounds in California who serve as role models for youth preparing for STEM careers.
