Assembly Concurrent Resolution No. 133—Relative to Introduce a Girl to Engineering Day.

LEGISLATIVE COUNSEL’S DIGEST

ACR 133, as introduced, Johnson. Introduce a Girl to Engineering Day.

This measure would commemorate February 26, 2026, as Introduce a Girl to Engineering Day.

Fiscal committee: no.

1 WHEREAS, February 26, 2026, is recognized nationally and  
2 internationally as Introduce a Girl to Engineering Day, a signature  
3 event of Engineers Week dedicated to encouraging girls to explore  
4 careers in engineering and technology; and

5 WHEREAS, Women have historically made invaluable  
6 contributions to the diverse fields of engineering, yet remain  
7 underrepresented in both engineering education pathways and the  
8 professional engineering workforce; and

9 WHEREAS, In 1970, women comprised approximately 3 percent  
10 of the engineering workforce in the United States; and

11 WHEREAS, According to the National Science Foundation’s  
12 National Center for Science and Engineering Statistics, women  
13 accounted for approximately 35 percent of the overall science and  
14 engineering workforce in the United States by 2023, reflecting  
15 progress across science, technology, engineering, and mathematics

1 (STEM) fields while underscoring persistent gaps in engineering  
2 specifically; and

3 WHEREAS, Women currently earn approximately 23 percent  
4 of bachelor's degrees, 28.5 percent of master's degrees, and 26  
5 percent of doctoral degrees in engineering in the United States,  
6 demonstrating continued growth in educational attainment; and

7 WHEREAS, Despite these gains, women hold only about 16  
8 percent of engineering jobs nationwide, according to the United  
9 States Bureau of Labor Statistics, highlighting the ongoing  
10 challenge of translating educational participation into workforce  
11 representation; and

12 WHEREAS, Research shows that girls often begin to lose  
13 interest in engineering and technology fields during middle school  
14 due to limited exposure, persistent stereotypes, and lack of role  
15 models, emphasizing the importance of early, hands-on engagement  
16 opportunities; and

17 WHEREAS, According to the United Nations Educational,  
18 Scientific and Cultural Organization's Global Education  
19 Monitoring data, women account for a substantially smaller share  
20 of engineering jobs and graduates worldwide, with global  
21 engineering workforce participation figures reported around 15  
22 percent, reflecting a worldwide need to expand access and  
23 opportunity in engineering professions; and

24 WHEREAS, Numerous organizations and programs across the  
25 United States are dedicated to closing the gender gap in engineering  
26 by actively encouraging young women and girls to explore STEM  
27 fields that have been historically male dominated; and

28 WHEREAS, STEM industries play a critical role in maintaining  
29 California's status as one of the world's largest economies, with  
30 engineering at the forefront of innovation, infrastructure,  
31 sustainability, and public safety; now, therefore, be it

32 *Resolved by the Assembly of the State of California, the Senate*  
33 *thereof concurring*, That February 26, 2026, is hereby  
34 commemorated by the Legislature as Introduce a Girl to  
35 Engineering Day; and be it further

36 *Resolved*, That the Chief Clerk of the Assembly transmit copies  
37 of this resolution to the author for appropriate distribution.

Date of Hearing: February 23, 2026

ASSEMBLY COMMITTEE ON RULES  
Blanca Pacheco, Chair  
ACR 133 (Johnson) – As Introduced February 11, 2026

**SUBJECT:** Introduce a Girl to Engineering Day.

**SUMMARY:** Commemorates February 26, 2026, as Introduce a Girl to Engineering Day. Specifically, **this resolution** makes the following legislative findings:

- 1) February 26, 2026, is recognized nationally and internationally as Introduce a Girl to Engineering Day, a signature event of Engineers Week dedicated to encouraging girls to explore careers in engineering and technology.
- 2) Women have historically made invaluable contributions to the diverse fields of engineering, yet remain underrepresented in both engineering education pathways and the professional engineering workforce.
- 3) According to the National Science Foundation’s National Center for Science and Engineering Statistics, women accounted for approximately 35 percent of the overall science and engineering workforce in the United States by 2023, reflecting progress across science, technology, engineering, and mathematics (STEM) fields while underscoring persistent gaps in engineering specifically.
- 4) Research shows that girls often begin to lose interest in engineering and technology fields during middle school due to limited exposure, persistent stereotypes, and lack of role models, emphasizing the importance of early, hands-on engagement opportunities.
- 5) Numerous organizations and programs across the United States are dedicated to closing the gender gap in engineering by actively encouraging young women and girls to explore STEM fields that have been historically male dominated.
- 6) STEM industries play a critical role in maintaining California’s status as one of the world’s largest economies, with engineering at the forefront of innovation, infrastructure, sustainability, and public safety.

RE: Assembly Concurrent Resolution 133 (Johnson) – Introduce a Girl to Engineering Day

Dear Assemblymember Johnson:

The California State Association of Counties (CSAC), representing California's 58 counties, is pleased to support ACR 133, which will commemorate February 26<sup>th</sup> as Introduce a Girl to Engineering Day. Counties recognize the need for a workforce that is inclusive of all people, especially women.

Counties rely on engineers to provide vital services, such as roads, water infrastructure, hospitals, county buildings, flood control structures and other critical infrastructure that provides critical services to the public. Counties directly employ thousands of engineers and rely on thousands more in the private sector to deliver and manage the infrastructure projects that serve the residents of California.

Counties recognize the critical contributions of women in engineering and the need for state and local government to continue their commitment to support efforts to introduce more young women to careers in engineering. Counties are pleased to support efforts to inspire more women to pursue careers in engineering. Counties broadly support increased investments to strengthen women in the county engineer workforce, expanding educational and job training pathways, and policies that can help counties more effectively recruit, hire, and retain women in county engineering roles as well as careers in other science, technology, engineering, and mathematics (STEM) related fields.

For these reasons, CSAC is a proud supporter of ACR 133.

Sincerely,

A handwritten signature in black ink that reads 'Mark Neuburger'.

Assembly Concurrent Resolution No. 136—Relative to Engineers Week.

LEGISLATIVE COUNSEL’S DIGEST

ACR 136, as introduced, Harabedian. Engineers Week.

This measure would recognize the week of February 22, 2026, to February 28, 2026, as Engineers Week.

Fiscal committee: no.

1 WHEREAS, The week of February 22, 2026, to February 28,  
2 2026, is being observed by state and national engineering  
3 organizations as Engineers Week, during which time a number of  
4 observances will take place in California to highlight the  
5 contributions engineers have made to society and inspire future  
6 generations of innovators; and

7 WHEREAS, Engineers Week celebrates its rich history as one  
8 of the largest science, technology, engineering, and mathematics  
9 (STEM) outreach events of the year with the 2026 theme  
10 “Transform Your Future,” underscoring how engineers shape  
11 communities, opportunities, and the world we live in; and

12 WHEREAS, Engineers Week promotes recognition among  
13 parents, teachers, and students of the importance of a technical  
14 education and a high level of mathematics, science, and technology  
15 literacy, motivating youth to pursue engineering careers and  
16 participate in a diverse and innovative engineering workforce; and

1 WHEREAS, California leads the world in STEM education,  
2 inspiring and preparing students to seize opportunities in a global  
3 society through innovation, inquiry, collaboration, and creative  
4 problem solving; and

5 WHEREAS, According to the United States Bureau of Labor  
6 Statistics, architecture and engineering occupations are projected  
7 to see robust demand, with approximately 186,500 job openings  
8 each year on average through the decade, reflecting both growth  
9 and the need to replace workers who leave the workforce, and  
10 median wages for engineers remain significantly above the national  
11 average; and

12 WHEREAS, Engineers practice in a number of important  
13 specialties, including civil, mechanical, electrical, structural,  
14 geotechnical, chemical, control systems, fire protection, industrial,  
15 petroleum, environmental, and traffic engineering, providing a  
16 complete range of engineering services to both the private and  
17 public sectors in California; and

18 WHEREAS, Professional engineers are leaders in the  
19 development of efficient, environmentally sustainable, and  
20 technologically advanced designs that enhance water quality,  
21 wastewater management, flood control, infrastructure resiliency,  
22 seismic safety, hazardous site remediation, and transportation  
23 systems, including highways, railways, waterways, and airports;  
24 and

25 WHEREAS, California’s engineers apply their unique  
26 knowledge and skill to help communities grow, thrive, and remain  
27 safe, and are truly dedicated to building a better California; and

28 WHEREAS, It is appropriate at this time to recognize the  
29 contributions of engineering professionals to the betterment of  
30 humankind; now, therefore, be it

31 *Resolved by the Assembly of the State of California, the Senate*  
32 *thereof concurring*, That in recognition of the services bestowed  
33 upon the citizens of the State of California by engineers, the  
34 Legislature hereby recognizes the week of February 22, 2026, to  
35 February 28, 2026, as Engineers Week; and be it further

36 *Resolved*, That the Chief Clerk of the Assembly transmit copies  
37 of this resolution to the author for appropriate distribution.

Assembly Concurrent Resolution No. 138—Relative to agriculture.

LEGISLATIVE COUNSEL’S DIGEST

ACR 138, as introduced, Hadwick. California Association of Future Farmers of America.

This measure would recognize and commend the California Association of Future Farmers of America for its nearly 100 years of service to students, educators, and the agricultural industry and would honor members, advisors, alumni, and supporters of the association for their dedication to developing future leaders and sustaining California’s agricultural legacy.

Fiscal committee: no.

- 1 WHEREAS, California has a rich and successful agricultural  
2 history, one that has made the Golden State the nation’s agricultural  
3 leader for many years; and  
4 WHEREAS, The California Association of Future Farmers of  
5 America (California Association FFA) has been an integral part  
6 of this remarkable agricultural tradition since 1928; and  
7 WHEREAS, California’s reputation for agricultural leadership  
8 has been made possible through the hard work and dedication of  
9 farming and ranching families, educators, and agricultural  
10 professionals who consistently produce some of the world’s most  
11 abundant and diversified agricultural commodities; and

1 WHEREAS, Future Farmers of America (FFA) is an outstanding  
2 student leadership organization that promotes excellence in  
3 agricultural education throughout California, and the California  
4 Association FFA stands as one of the largest state FFA associations  
5 in the nation, providing leadership development opportunities to  
6 more students than all but one state FFA association in the nation;  
7 and

8 WHEREAS, The goals of FFA extend beyond classroom  
9 instruction and include the development of premier leadership,  
10 personal growth, and career success through hands-on learning in  
11 agriculture, science, technology, and business; and

12 WHEREAS, Founded nearly a century ago, the California  
13 Association FFA has remained steadfast in its mission to positively  
14 impact students by preparing them for leadership roles in  
15 agriculture and beyond; and

16 WHEREAS, The California Association FFA currently serves  
17 more than 108,000 student members in 366 chapters statewide,  
18 making it the largest youth leadership organization in California;  
19 and

20 WHEREAS, The California Association FFA is committed to  
21 serving students from both urban and rural communities and has  
22 continually evolved its programs to reflect the diversity, innovation,  
23 and workforce needs of modern agriculture; and

24 WHEREAS, In response to these changing needs, the California  
25 Association FFA has developed a comprehensive and integrated  
26 leadership development continuum for middle school and high  
27 school students across the state; and

28 WHEREAS, The Sacramento Leadership Experience, developed  
29 and presented by the California Association FFA, serves as a  
30 capstone civic engagement and public service leadership conference  
31 within California Association FFA’s statewide leadership system;  
32 and

33 WHEREAS, More than 85,000 students have participated in the  
34 California Association FFA State Leadership Conference, the  
35 largest career technical student organization conference in the  
36 state; and

37 WHEREAS, Through supervised agricultural experience  
38 programs, entrepreneurship, and community service initiatives,  
39 California Association FFA members have logged more than

1 5,000,000 hours of work-based learning, generating an estimated  
2 \$40,000,000 in economic and community service impact; and

3 WHEREAS, Over the past two decades, growing student interest  
4 in agricultural careers has led the California Association FFA to  
5 collaborate with educators and postsecondary educational  
6 institutions to expand University of California- and California  
7 State University-approved agricultural education courses from 781  
8 courses in 2007 to more than 1,600 courses today; and

9 WHEREAS, The California Association FFA is supported by  
10 the California FFA Foundation, which enhances student  
11 opportunities through scholarships, leadership development  
12 programs, and partnerships with industry and community  
13 stakeholders; and

14 WHEREAS, Throughout its history, the California Association  
15 FFA has demonstrated an unwavering commitment to leadership  
16 development, workforce preparation, and community service,  
17 reflecting the highest ideals of public engagement and educational  
18 excellence; now, therefore, be it

19 *Resolved by the Assembly of the State of California, the Senate*  
20 *thereof concurring*, That the Legislature hereby recognizes and  
21 commends the California Association of Future Farmers of  
22 America for its nearly 100 years of service to students, educators,  
23 and the agricultural industry; and be it further

24 *Resolved*, That the Legislature honors the members, advisors,  
25 alumni, and supporters of the California Association FFA for their  
26 dedication to developing future leaders and sustaining California's  
27 agricultural legacy; and be it further

28 *Resolved*, That the Chief Clerk of the Assembly transmit copies  
29 of this resolution to the author for appropriate distribution.

O

Date of Hearing: February 23, 2026

ASSEMBLY COMMITTEE ON RULES  
Blanca Pacheco, Chair  
ACR 138 (Hadwick) – As Introduced February 13, 2026

**SUBJECT:** California Association of Future Farmers of America.

**SUMMARY:** Recognizes and commends the California Association of Future Farmers of America for its nearly 100 years of service to students, educators, and the agricultural industry. Specifically, **this resolution** makes the following legislative findings:

- 1) California has a rich and successful agricultural history, one that has made the Golden State the nation's agricultural leader for many years.
- 2) California's reputation for agricultural leadership has been made possible through the hard work and dedication of farming and ranching families, educators, and agricultural professionals who consistently produce some of the world's most abundant and diversified agricultural commodities.
- 3) The California Association of Future Farmers of America (California Association FFA) has been an integral part of this remarkable agricultural tradition since 1928.
- 4) FFA is an outstanding student leadership organization that promotes excellence in agricultural education throughout California, and the California Association FFA stands as one of the largest state FFA associations in the nation, providing leadership development opportunities to more students than all but one state FFA association in the nation.
- 5) The goals of FFA extend beyond classroom instruction and include the development of premier leadership, personal growth, and career success through hands-on learning in agriculture, science, technology, and business.
- 6) The California Association FFA currently serves more than 108,000 student members in 366 chapters statewide, making it the largest youth leadership organization in California. The California Association FFA is committed to serving students from both urban and rural communities and has continually evolved its programs to reflect the diversity, innovation, and workforce needs of modern agriculture.
- 7) Throughout its history, the California Association FFA has demonstrated an unwavering commitment to leadership development, workforce preparation, and community service, reflecting the highest ideals of public engagement and educational excellence.

**FISCAL EFFECT:** This resolution is keyed non-fiscal by Legislative Counsel.

Assembly Concurrent Resolution No. 139—Relative to Sleep Apnea Awareness Month.

LEGISLATIVE COUNSEL’S DIGEST

ACR 139, as introduced, Calderon. Sleep Apnea Awareness Month. This measure would proclaim the month of March as Sleep Apnea Awareness Month in California.

Fiscal committee: no.

- 1 WHEREAS, Obstructive sleep apnea (OSA) is a common,  
2 serious, and chronic sleep-related breathing disorder characterized  
3 by repeated interruptions of breathing during sleep, leading to  
4 fragmented sleep and reduced blood oxygen levels; and  
5 WHEREAS, OSA affects an estimated 75 to 80 million adults  
6 in the United States, and leading sleep medicine experts estimate  
7 that up to 90 percent of cases remain undiagnosed, leaving millions  
8 of individuals untreated and at an elevated risk for adverse health  
9 and safety outcomes; and  
10 WHEREAS, Untreated OSA is associated with significant health  
11 risks, including hypertension, heart disease, stroke, type 2 diabetes,  
12 obesity, depression, and increased all-cause mortality; and  
13 WHEREAS, Evidence-based treatments for OSA, including  
14 continuous positive airway pressure, oral appliance therapy, weight

1 management, and surgical interventions when appropriate, have  
2 been shown to improve daytime alertness, reduce blood pressure,  
3 and lower cardiovascular risk; and

4 WHEREAS, In addition to positive airway pressure therapy,  
5 oral appliance therapy is a clinically recognized and evidence-based  
6 treatment option for certain individuals with OSA; and

7 WHEREAS, Custom-fitted oral devices, including mandibular  
8 advancement devices and newer FDA-cleared oral appliance  
9 therapies and similar treatments, work by repositioning the jaw  
10 and airway structures during sleep to reduce airway collapse; and

11 WHEREAS, OSA poses substantial workforce and public safety  
12 risks due to excessive daytime sleepiness, impaired concentration,  
13 and reduced cognitive performance; and

14 WHEREAS, Research indicates that OSA disproportionately  
15 affects Latino, Black, Asian American, and Pacific Islander  
16 communities, and these populations are more likely to experience  
17 undiagnosed or untreated disease due to barriers to care; and

18 WHEREAS, Addressing disparities in sleep apnea awareness,  
19 screening, and treatment is essential to advancing health equity  
20 and improving health outcomes across California's diverse  
21 population; now, therefore, be it

22 *Resolved*, That the Assembly proclaims the month of March as  
23 Sleep Apnea Awareness Month in California; and be it further

24 *Resolved*, That the Assembly recognizes OSA as a significant  
25 and underdiagnosed public health issue affecting individual health,  
26 workforce safety, and public safety; and be it further

27 *Resolved*, That the Assembly affirms that advancing health  
28 equity in sleep apnea prevention, diagnosis, and treatment,  
29 particularly for Latino, Black, Asian American, and Pacific Islander  
30 communities, low-income, rural, and underserved communities,  
31 is critical to reducing preventable chronic disease and improving  
32 population health outcomes; and be it further

33 *Resolved by the Assembly of the State of California, the Senate*  
34 *thereof concurring*, That the Chief Clerk of the Assembly transmit  
35 copies of this resolution to the author for appropriate distribution.

Senate Concurrent Resolution No. 109—Relative to National Mentorship Month.

LEGISLATIVE COUNSEL’S DIGEST

SCR 109, as introduced, Grove. National Mentorship Month: Big Brothers Big Sisters of Central California.

This measure would proclaim the month of January 2026 as National Mentorship Month in recognition of the commitment to mentorship by the Big Brothers Big Sisters of Central California.

Fiscal committee: no.

- 1 WHEREAS, January is recognized across the nation as National
- 2 Mentoring Month, a time to celebrate the power of mentorship
- 3 and acknowledge the individuals and organizations that make a
- 4 lasting impact in the lives of young people; and
- 5 WHEREAS, Since its founding in 1968, Big Brothers Big Sisters
- 6 of Central California (BBBSofCC) has served as a pillar of
- 7 mentorship and youth empowerment, providing guidance, stability,
- 8 and opportunity to children throughout the central valley; and
- 9 WHEREAS, Over the past five decades, BBBSofCC has
- 10 positively impacted the lives of more than 10,000 children and
- 11 their families, fostering resilience, leadership, and hope through
- 12 one-to-one mentoring relationships; and
- 13 WHEREAS, BBBSofCC has successfully implemented the High
- 14 School Bigs Program across 21 unified school districts, serving

1 more than 4,000 children and families each year throughout central  
2 California; and

3 WHEREAS, Through dedicated mentors, community  
4 partnerships, and innovative programming, BBBSofCC continues  
5 to inspire young people to reach their full potential, strengthening  
6 the fabric of our communities; now, therefore, be it

7 *Resolved by the Senate of the State of California, the Assembly*  
8 *thereof concurring*, That the Legislature proclaims January 2026  
9 as National Mentorship Month; and be it further

10 *Resolved*, That the Legislature recognizes the Big Brothers Big  
11 Sisters of Central California for its unwavering commitment to  
12 the mentorship of children and families throughout the central  
13 California region and its enduring impact on future generations.

Senate Concurrent Resolution No. 112—Relative to National Human Trafficking Awareness Month.

LEGISLATIVE COUNSEL'S DIGEST

SCR 112, as introduced, Grove. National Human Trafficking Awareness Month.

This measure would recognize the month of January 2026 as National Human Trafficking Awareness Month.

Fiscal committee: no.

1 WHEREAS, For more than two centuries, the United States has  
2 worked to advance the cause of freedom, serving as a beacon of  
3 hope for those who cherish liberty and opportunity and leading  
4 the fight for the dignity and inalienable rights of every person; and

5 WHEREAS, Classified as a felony, human trafficking is a form  
6 of modern slavery. It is a crime that involves the use of force,  
7 fraud, or coercion to recruit, harbor, transport, provide, or obtain  
8 a person for the purpose of labor or sexual exploitation. As one of  
9 the most underreported crimes, it is extremely difficult to conduct  
10 accurate surveys on human trafficking; and

11 WHEREAS, In 2015, the United States Advisory Council on  
12 Human Trafficking was established by Congress. The council sits

1 as the world’s preeminent human trafficking advisory body led by  
2 survivors of human trafficking and advises federal policymakers  
3 on antitrafficking policies; and

4 WHEREAS, In 2021, the International Labour Organization  
5 (ILO) estimated that there were 49,600,000 victims of human  
6 trafficking globally, of which 27,600,000 were in forced labor and  
7 22,000,000 in forced marriage; and

8 WHEREAS, According to the ILO, of the total number of global  
9 human trafficking victims, 4,900,000 are women and girls in forced  
10 commercial sexual exploitation; and

11 WHEREAS, According to a United States Department of State  
12 report, racial and ethnic minority groups, the 2SLGBTQIA+  
13 community, and indigenous populations are extremely vulnerable  
14 to exploitation due to social, legal, and cultural marginalization;  
15 and

16 WHEREAS, Studies show that Native American women and  
17 girls are victims of human trafficking at a much higher rate  
18 compared to the overall population; and

19 WHEREAS, Sex traffickers and exploiters are known to target  
20 foster youth because of their unique vulnerabilities and  
21 accessibility; and

22 WHEREAS, In a two-year study of human trafficking incidents  
23 across the country, the Congressional Black Caucus Foundation  
24 found that 40% of sex trafficking victims are identified as Black  
25 women; and

26 WHEREAS, According to a 2024 report from the United States  
27 Department of Homeland Security Office of Inspector General,  
28 approximately 300,000 unaccompanied migrant children are  
29 unaccounted for when transferred from the United States  
30 Department of Health and Human Services. Unaccompanied  
31 children who do not appear for court are considered at higher risk  
32 for trafficking, exploitation, or forced labor; and

33 WHEREAS, The Department of Homeland Security has made  
34 more than 2,500 arrests relating to trafficking in 2024 alone.

35 WHEREAS, In 2024, the National Human Trafficking Hotline  
36 stated that there were 1,733 cases of human trafficking documented  
37 in California, and, in 2024 alone, federal courts found these cases  
38 involved 3,603 victims; and

1 WHEREAS, In 2023, the Human Trafficking Institute reported  
2 that 50 percent of foreign national victims were trafficked into the  
3 United States; and

4 WHEREAS, Recent research supported by the National Institute  
5 of Justice reveals that labor and sex trafficking data appearing in  
6 the Federal Bureau of Investigation’s national Uniform Crime  
7 Reporting Program may significantly understate the extent of  
8 human trafficking crimes in the United States; and

9 WHEREAS, The Legislature recognizes the continuously  
10 growing crime of human trafficking within California due to its  
11 ever-increasing population, extensive international border, large  
12 immigrant population, and primary airports and harbors; and

13 WHEREAS, The State of California is committed to combating  
14 all forms of human trafficking, recovering victims, prosecuting  
15 offenders, advocating on behalf of victims, raising community  
16 awareness, and strengthening collaborative partnerships; and

17 WHEREAS, National Human Trafficking Prevention Month  
18 culminates in the annual observation of National Freedom Day on  
19 February 1; and

20 WHEREAS, Founded on the principles of justice and fairness,  
21 the United States continues to lead the global movement to end  
22 modern slavery, with agencies and skilled professionals at the  
23 local, state, and national levels conducting investigations,  
24 collaborations, and trainings, organizing public outreach and  
25 promoting awareness, and directly assisting the victims of human  
26 trafficking; now, therefore, be it

27 *Resolved by the Senate of the State of California, the Assembly*  
28 *thereof concurring*, That the Legislature recognizes the month of  
29 January 2026 as National Human Trafficking Awareness Month;  
30 and be it further

31 *Resolved*, That the Secretary of the Senate transmit copies of  
32 this resolution to the author for appropriate distribution.

Senate Concurrent Resolution No. 115—Relative to Wear Red Day.

LEGISLATIVE COUNSEL'S DIGEST

SCR 115, as introduced, Dahle. Wear Red Day.

This measure would recognize February 6, 2026, as Wear Red Day in California.

Fiscal committee: no.

- 1     WHEREAS, Cardiovascular disease is the leading cause of death  
2 among women in the United States, claiming the lives of one in  
3 every three women each year and surpassing all forms of cancer  
4 combined; and  
5     WHEREAS, Nearly half of all women over 20 years of age are  
6 living with some form of cardiovascular disease, yet most women  
7 remain unaware of their personal risk factors or the unique ways  
8 heart disease can present in women; and  
9     WHEREAS, Women often experience heart attack symptoms  
10 that differ from men, such as shortness of breath, nausea, back or  
11 jaw pain, extreme fatigue, or dizziness, which can lead to delayed  
12 treatment and poorer outcomes when these symptoms are not  
13 recognized; and

1 WHEREAS, Significant disparities persist, with Black, Hispanic  
2 or Latina, and Indigenous women facing higher rates of  
3 cardiovascular disease and barriers to prevention, diagnosis, and  
4 equitable access to care; and

5 WHEREAS, Stroke is also a major threat to women’s health,  
6 as women are more likely than men to experience a stroke, more  
7 likely to die from one, and more likely to suffer long-term  
8 disability; and

9 WHEREAS, Cardiac arrest is a leading cause of death  
10 worldwide, and each year more than 350,000 cardiac arrests occur  
11 outside of hospitals in the United States, with approximately 10  
12 percent of people surviving; and

13 WHEREAS, About 70 percent of out-of-hospital cardiac arrests  
14 occur at home, meaning that people nearby, often family members,  
15 are the first and most critical link in the chain of survival; and

16 WHEREAS, Immediate cardiopulmonary resuscitation (CPR)  
17 can double or even triple a person’s chance of survival, yet only  
18 about 41 percent of people who experience cardiac arrest receive  
19 immediate CPR from someone nearby, and fewer than 12 percent  
20 receive aid from an automated external defibrillator (AED) before  
21 advanced help arrives; and

22 WHEREAS, For adults and teens, Hands-Only CPR, calling  
23 911 and pushing hard and fast in the center of the chest, can double  
24 or triple the chance of survival, while infants and children require  
25 CPR with rescue breaths to restore oxygen and circulation; and

26 WHEREAS, Each year, more than 23,000 children experience  
27 cardiac arrest outside of the hospital, with almost 40 percent related  
28 to sports and nearly 20 percent occurring among infants; cardiac  
29 arrest accounts for 10 to 15 percent of sudden unexpected infant  
30 deaths; and

31 WHEREAS, Research shows that women are less likely to  
32 receive bystander CPR during a cardiac emergency, in part due to  
33 fears and misconceptions that must be addressed through  
34 community-wide education and awareness; and

35 WHEREAS, For more than two decades, the American Heart  
36 Association’s Go Red for Women movement has led the charge  
37 in educating women about cardiovascular disease, advancing  
38 scientific research, advocating for equitable health care, and  
39 empowering women to take charge of their heart health; and

1 WHEREAS, The American Heart Association has set a bold  
2 goal to double survival from out-of-hospital cardiac arrest by 2030  
3 through its Nation of Lifesavers initiative, empowering people  
4 everywhere to confidently perform CPR and use AEDs; now,  
5 therefore, be it

6 *Resolved by the Senate of the State of California, the Assembly*  
7 *thereof concurring,* That the Legislature recognizes February 6,  
8 2026, as Wear Red Day in California, and urges all citizens to  
9 show their support for women and the fight against heart disease  
10 by commemorating this day by wearing the color red; and be it  
11 further

12 *Resolved,* By increasing awareness, speaking up about heart  
13 disease, and empowering women to reduce their risk for  
14 cardiovascular disease, we can save thousands of lives each year;  
15 and be it further

16 *Resolved,* That the Legislature recognizes the month of February  
17 2026 as American Heart Month in California to raise awareness  
18 of the importance of the ongoing fight against heart disease and  
19 stroke, and the effort to double the survival rate from cardiac arrest;  
20 and be it further

21 *Resolved,* That the Secretary of the Senate transmit copies of  
22 this resolution to the author for appropriate distribution.
