Assembly Concurrent Resolution No. 259—Relative to Pediatric Acute-onset Neuropsychiatric Syndrome (PANS) Awareness Day.

### LEGISLATIVE COUNSEL’S DIGEST

ACR 259, as introduced, Gallagher. Pediatric Acute-onset Neuropsychiatric Syndrome (PANS) Awareness Day.

This measure would proclaim October 9th as Pediatric Acute-onset Neuropsychiatric Syndrome (PANS) Awareness Day in California, and would encourage the citizens of California, on that day, to become informed and aware of PANS.

Fiscal committee: no.

- 1 WHEREAS, Pediatric acute-onset neuropsychiatric syndrome  
2 (PANS) results after antibodies that are normally created in  
3 response to an infection mistakenly attack the basal ganglia in the  
4 brain resulting in neurologic or psychiatric symptoms such as  
5 obsessive-compulsive disorder, tics, and Tourette syndrome; and  
6 WHEREAS, Misdiagnoses address the apparent symptoms with  
7 psychiatric and psychological treatment, but ignore the underlying  
8 infection and result in ineffective treatment; and  
9 WHEREAS, Without proper diagnoses as a neuropsychiatric  
10 syndrome and clinical treatment, PANS can result in debilitating  
11 conditions that have a significant impact on the lives of those  
12 affected; and

1 WHEREAS, Families affected by PANS often experience  
2 problems such as misdiagnoses, difficulty finding a medical expert,  
3 lack of access to treatment, and high treatment costs; and

4 WHEREAS, While the public is familiar with some rare diseases  
5 and disorders, many patients and families affected by the less  
6 widely known PANS bear a large share of the burden of funding  
7 research and raising public awareness to support the search for  
8 treatments; and

9 WHEREAS, Residents of California are among those affected  
10 by these rare disorders because nearly 1 percent of the pediatric  
11 population in the United States suffers from PANS; and

12 WHEREAS, Every year, on October 9th, a nationwide  
13 observance of PANS and associated disorders is organized by  
14 patients, medical professionals, researchers, government officials,  
15 and companies developing treatments; and

16 WHEREAS, This year, observance of National PANS  
17 Awareness Day will take place on October 9, 2018; now therefore,  
18 be it

19 *Resolved by the Assembly of the State of California, the Senate*  
20 *thereof concurring*, That the Legislature hereby proclaims October  
21 9th as PANS Awareness Day in California, and encourages the  
22 citizens of California, on that day, to become informed and aware  
23 of PANS; and be it further

Senate Concurrent Resolution No. 152—Relative to the Native Hawaiian and Pacific Islander community.

LEGISLATIVE COUNSEL’S DIGEST

SCR 152, as introduced, Lara. Native Hawaiian and Pacific Islander community.

This resolution would recognize the role that Native Hawaiians and Pacific Islanders have played in the development of California throughout the state’s history and encourage all federal, state, and local organizations to promote the preservation of Native Hawaiian and Pacific Islander history and culture.

Fiscal committee: no.

1 WHEREAS, Making up more than 347,000 community  
2 members, the Native Hawaiian and Pacific Islander (NHPI)  
3 community in California has one of the largest NHPI populations  
4 in the United States. In addition, the NHPI population increased  
5 by 29 percent between 2000 and 2010; and  
6 WHEREAS, The NHPI community makes up an incredibly  
7 diverse group comprised of a number of different ethnicities,  
8 including, but not limited to, Guamanian or Chamorro, Native  
9 Hawaiian, Marshallese, Fijian, Samoan, and Tongan. Outside of  
10 Hawaii, California has the largest population of Native Hawaiians,  
11 numbering 74,932. The second largest NHPI group is Samoan  
12 with a population of 60,876. Guamanian or Chamorro is the next  
13 largest NHPI group in California, with a population of 44,425.  
14 The largest Fijian and Tongan populations in the United States are

1 also found in California, with populations of 24,059 and 22,893,  
2 respectively; and

3 WHEREAS, As a result of the Spanish-American War in 1898,  
4 the illegal overthrow of the Kingdom of Hawaii in 1893, and the  
5 German-American conflict in Samoa in 1899, the United States  
6 came to assume formal government control of Guam, Hawaii, and  
7 American Samoa. Because of this, the Chamorros of Guam, the  
8 Hawaiians of Hawaii, and the Samoans of American Samoa became  
9 part of the United States. Many Pacific Islander migrants were  
10 men enlisted in the United States Armed Forces, and others worked  
11 in various plantation and entertainment industries. Today, these  
12 Pacific Islanders are American citizens or American nationals; and

13 WHEREAS, An influx of NHPIs arrived in California in the  
14 1950s after World War II. Post World War II, military service  
15 brought Pacific Islanders from the United States territories of  
16 American Samoa and Guam to California. Ten percent of Native  
17 Hawaiians and 12 percent of Guamanian or Chamorro Americans  
18 are veterans, compared to the statewide average of 8 percent.  
19 Native Hawaiians and Tongans came to California seeking  
20 economic opportunities, with many Tongans migrating to  
21 California via American Samoa. Mormon church activities also  
22 brought Tongan students and other NHPI immigrants to California.  
23 Many NHPIs initially settled in southern California cities such as  
24 Carson, Los Angeles, Long Beach, Oceanside, and San Diego,  
25 while others settled in Sacramento and San Francisco. Most NHPI  
26 Californians today reside in the greater Sacramento, San Francisco,  
27 and Los Angeles areas; and

28 WHEREAS, The 2010 Census Bureau data shows that NHPIs  
29 are continuing to become a growing part of our nation's economy.  
30 California has the greatest number of NHPI-owned businesses in  
31 the continental United States. Between 2002 and 2007, the number  
32 of NHPI-owned businesses increased 30 percent, while the number  
33 of United States businesses overall increased only 18 percent.  
34 During that same period, NHPI-owned businesses also saw a  
35 48-percent increase in revenue, while total business receipts for  
36 United States businesses increased only 33 percent. Data shows  
37 that about 56 percent of all Native Hawaiian and Other Pacific  
38 Islander businesses were owned by people of Native Hawaiian  
39 origin in 2007; Guamanian-owned or Chamorro-owned businesses  
40 accounted for 10 percent, Samoan-owned businesses accounted

1 for 8 percent, and businesses owned by people of Other Pacific  
2 Islander descent accounted for 25 percent; and

3 WHEREAS, The NHPI community faces unique challenges as  
4 a result of its distinct history and community experience. As a  
5 result, the NHPI community organized and helped institute an  
6 update to the federal Office of Management and Budget's  
7 Statistical Policy Directive No. 15 in 1997 to establish a specific  
8 Native Hawaiian or Other Pacific Islander category relative to the  
9 collection of data; and

10 WHEREAS, The Legislature recognized the importance of  
11 requiring state agencies, boards, or commissions collecting and  
12 reporting demographic data on major Pacific Islander groups,  
13 including Hawaiian, Guamanian, Samoan, Tongan, and Fijian in  
14 Sections 8310.5 and 8310.7 of the Government Code; and

15 WHEREAS, While NHPIs represent diverse ethnic, religious,  
16 and political backgrounds, they all also share similar cultural values  
17 and norms. These values include a respect and deference for elders,  
18 appreciation for reciprocal labor and time, and an understanding  
19 of communal and intergenerational authority; and

20 WHEREAS, Preserving our Native Hawaiian and Pacific  
21 Islander communities throughout California is critical to our state  
22 history and for the preservation of Native Hawaiian and Pacific  
23 Islander culture, history, traditions, and other elements of their  
24 heritage; now, therefore, be it

25 *Resolved by the Senate of the State of California, the Assembly*  
26 *thereof concurring*, That the Legislature recognizes the role that  
27 Native Hawaiians and Pacific Islanders have played in the social,  
28 economic, and political development of California throughout the  
29 state's history; and be it further

30 *Resolved*, That the Legislature encourages all federal, state, and  
31 local organizations to promote the preservation of Native Hawaiian  
32 and Pacific Islander history and culture, including the preservation  
33 of Native Hawaiian and Pacific Islander communities; and be it  
34 further

35 *Resolved*, That the Secretary of the Senate transmit copies of  
36 this resolution to the author for appropriate distribution.
