## **House Resolution**

## **No. 28**

#### Introduced by Assembly Member Gipson (Coauthors: Assembly Members Holden, Jones-Sawyer, Thurmond, and Weber)

March 20, 2017

House Resolution No. 28—Relative to federal actions.

1 WHEREAS, Over the past decade, California has taken strides in enacting policies to advance its priorities in the areas of health 2 3 care access, immigration, and worker protection; and WHEREAS, The programs and services established in 4 5 partnership with the federal government have provided California 6 with a platform to be a pioneer in key areas where it goes above 7 and beyond to ensure the state's values are reflected in our policies; 8 and 9 WHEREAS, One of the key goals of the Patient Protection and 10 Affordable Care Act (Public Law 111-148) (ACA) is to reduce the number of uninsured through an expansion of Medicaid and 11 the creation of new health insurance exchange marketplaces with 12 13 tax credits to help moderate-income individuals purchase coverage; 14 and 15 WHEREAS, The United States Department of Health and Human Services released a report showing that the amount of 16 uninsured Californians has fallen by 54 percent since the 17 implementation of the ACA, resulting in 3,826,000 gaining 18 19 coverage; and

WHEREAS, Data shows that out-of-pocket health insurance costs to Black families declined by over 25 percent as a result of those who newly gained coverage; and

1 WHEREAS, Medicaid covers over half of Black children, which 2 helps to substantially fill their gap in private coverage; and

WHEREAS, Given that the majority of uninsured Blacks have incomes below the Medicaid expansion limit, they will be significantly impacted by state decisions regarding Medicaid. In the absence of the expansion, poor uninsured adults will not gain a new coverage option and likely remain uninsured; and

8 WHEREAS, California opposes any federal actions that 9 eliminate or erode the Medicaid expansion or compromise health 10 care access through the ACA; and

WHEREAS, California has served as a bastion of diversity and
has a population of 10 million immigrants, representing 25 percent
of the immigrant population in the United States; and

WHEREAS, California has been aggressive in enacting policies
that ensure a just and humane balance is struck when regulating
local law enforcement interactions with United States Immigrations

and Customs Enforcement (ICE) for purposes of deportation; and
 WHEREAS, Blacks make up 7 percent of the total United States

19 immigrant population but represent almost 11 percent of 20 deportations under ICE; and

WHEREAS, California opposes any federal actions that erode
the current protections established and support policies that ensure
local law enforcement is able to maintain trust with the
communities they are policing; and

WHEREAS, In 2015, one out of every six workers in California
was a member of a labor union, representing 2.5 million in total;
and

WHEREAS, According to the Bureau of Labor Statistics, Black
workers were more likely to be union members than were White,
Asian, or Hispanic workers; and

WHEREAS, California's economy has benefited greatly from
the rights and benefits that unions have fought for historically,
including the recent increase in the state minimum wage; and

WHEREAS, California opposes any federal action that would
impose right-to-work requirements or compromise California's
ability to act independently in ensuring worker protection; now,
therefore, be it

Resolved by the Assembly of the State of California, That the
 California State Assembly opposes any federal actions that would

40 compromise any of the aforementioned policy positions and

1 opposes congressional actions that would repeal or limit the critical

2 protections and services currently being provided at the federal

3 level; and be it further

4 *Resolved*, That the California State Assembly will fight back

5 by doing everything within its power to safeguard current

6 provisions for health care affordability, immigrant opportunity,

7 and worker protection; and be it further

8 *Resolved*, That the Chief Clerk of the Assembly transmit copies

9 of this resolution to the President and Vice President of the United

States, the Speaker and Minority Leader of the United States Houseof Representatives, the Majority Leader and Minority Leader of

#### TO: The Honorable Ken Cooley, Chair The Honorable Members of the Assembly Committee on Rules

RE: Senate Concurrent Resolution 19 (Nguyen) - AFSCME SUPPORTS

The American Federation of State, County and Municipal Employees (AFSCME), AFL-CIO, would like to inform you of our support of Senate Concurrent Resolution 19, as introduced on February 8, 2017.

This resolution would recognize the month of March as Periodontal/Gum Disease Awareness Month. Unfortunately, the Centers for Disease Control and Prevention has reported that over half of Americans above age 30 suffer from some form of periodontal diseases. AFSCME proudly represents dentists who tirelessly work to improve the health and impart the highest quality of care possible when treating patients with such diseases.

SCR 19 will rightfully acknowledge the adverse implications associated with the growth of periodontal diseases, including but not limited to an increased risk towards cardiovascular diseases, diabetes and pregnancy complications. Periodontal/Gum disease Awareness Month will increase knowledge about this pressing issue to both policymakers and the public in order to ensure that these diseases are addressed appropriately.

## Please join us in supporting Senate Concurrent Resolution 19.

Should you have any questions regarding our position in this matter, you may call me at your earliest convenience. AFSCME also reserves the right to change our position in the event of future amendments.

Sincerely,

Brian A. Allison Political and Legislative Director, California
