ASSEMBLY BILL

No. 1650

Introduced by Assembly Member Cooley

February 22, 2019

An act to add Section 9149.18 to the Government Code, relating to the Legislature.

LEGISLATIVE COUNSEL'S DIGEST

AB 1650, as introduced, Cooley. Capitol Park.

Existing law establishes the Historic State Capitol Commission for the purpose of, among others, reviewing and advising the Legislature on any development, improvement, or other physical change in any aspect of the historic State Capitol, as defined to include Capitol Park upon the adoption of a master plan regarding Capitol Park by the Joint Rules Committee.

This bill would require any development, improvement, or other physical change in any aspect of Capitol Park to be approved by the Joint Rules Committee regardless if a master plan regarding Capitol Park has been adopted by the Joint Rules Committee, as specified.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 9149.18 is added to the Government
- 2 Code, to read:
- 3 9149.18. Notwithstanding Section 9149.1, any development,
- 4 improvement, or other physical change in any aspect of Capitol
- 5 Park shall be approved by the Joint Rules Committee. This section

- 1 does not alter, limit, or negate the authority of the Department of
- 2 General Services or the Department of the California Highway
- 3 Patrol to establish rules and regulations pertaining to the State
- 4 Capitol building and grounds as authorized by Section 14685.

ASSEMBLY COMMITTEE ON RULES
Ken Cooley, Chair
AB 1650 (Cooley) – As Introduced February 22, 2019

SUBJECT: Capitol Park

SUMMARY: Clarifies that the Joint Rules Committee has oversight of Capitol Park and that subsequent changes to the park must be approved by the Joint Rules Committee. Specifically, **this bill:**

- 1) Requires that any development, improvement, or other physical change to any aspect of Capitol Park be approved by the Joint Rules Committee.
- 2) Maintains existing statutory authority for the Department of General Services (DGS) and the California Highway Patrol (CHP) to establish rules and regulations pertaining to the State Capitol building and grounds.

EXISTING LAW:

- 1) Defines “Capitol Park” as the area lying between 9th Street on the west, 15th Street on the east, N Street on the south, and L Street on the north.
- 2) Defines “historic State Capitol” as the building housing the state legislative offices and chambers, situated in the area bounded by 10th, L, 15th, and N Streets in the City of Sacramento.
- 3) Provides that Capitol Park shall be included in the historic State Capitol upon the adoption by the Joint Rules Committee of a master plan regarding Capitol Park.
- 4) Provides that space in the State Capitol Building Annex shall be allocated by the Joint Rules Committee in accordance with its determination of the needs of the Legislature.
- 5) Provides that DGS is responsible for the maintenance and operation of the State Capitol Building Annex, and that CHP is responsible for the security of the State Capitol Building Annex.
- 6) Authorizes DGS and CHP to establish rules and regulations pertaining to the State Capitol building and grounds.

FISCAL EFFECT: This bill is keyed non-fiscal by Legislative Counsel.

COMMENTS:

- 1) Purpose of the bill: This bill clarifies that Joint Rules Committee has oversight of Capitol Park and that further changes to the park must be approved by the Joint Rules Committee. Over the last 30 years numerous memorials, park benches, and plaques have been added to Capitol Park. This has not been done in a manner that considers the overall impact on the park itself, and often without proper oversight and input from the Legislature. Furthermore, with the pending State Capitol Building Annex project there is uncertainty about how Capitol

Park will be impacted by Annex-related construction. Continual and consistent oversight of Capitol Park, and any proposed changes or additions to Capitol Park, will ensure that the park is enjoyable and accessible for visitors and Capitol staff.

- 2) **Background:** Capitol Park is widely known as one of the most beautiful parks in the United States, with over 40,000 trees, shrubs, and flowers. Capitol Park stands as one of the finest collections of plant life in the country. Capitol Park is also significant for the many memorials present in the park, which recognize groups and individuals who have contributed to California's history.

RE: Support for Assembly Concurrent Resolution 62

Dear Assemblymember Cooley:

California Association of Nonprofits (CalNonprofits), a statewide policy alliance of more than 10,000 organizations, is the voice for California's nonprofit community. Through our advocacy work, we protect and enhance the ability of California's nonprofits to serve our state, the nation and the world. CalNonprofits is pleased to support ACR 62, which designates June 5, 2019, as California Nonprofits Day.

Nonprofit organizations are a large and vital part of the California landscape, and are trusted institutions that provide services to the needy and vulnerable, express community values, promote social change, and improve the quality of life for all Californians. Furthermore, as noted in CalNonprofits' seminal report, *Causes Count: The Economic Power of California's Nonprofit Sector*, nonprofit economic activity contributes 15 percent of California's gross state product, and nearly one million Californians work for a nonprofit.

Since the first California Nonprofits Day in 2016, more than 250 nonprofit organizations have been honored by their Assembly Members and Senators. CalNonprofits supports ACR 191 because it creates a formal and public way in which to recognize the importance of nonprofit organizations to the economy and well-being of California.

Sincerely,

Jan Masaoka

Re: ACR 82 Alzheimer's and Brain Awareness Month and The Longest Day

Dear Assemblymember Cooley:

On behalf of the 2.3 million Californians currently living with or caring for a loved one with Alzheimer's disease and related dementias, the Alzheimer's Association is proud to sponsor ACR 82 which will recognize the month of June 2019 as Alzheimer's and Brain Awareness Month, and Thursday, June 21, 2019, as the Longest Day in California. This resolution urges all Californians to commemorate this day to help spread global awareness of the Alzheimer's Association's vision of a world without Alzheimer's disease.

Alzheimer's disease is a progressive neuro-degenerative brain disorder that tragically robs individuals of their memories and leads to cognitive decline resulting in functional, emotional, and behavioral impairment. Alzheimer's disease is always fatal, and it is the second leading cause of death in California. Individuals living with Alzheimer's disease and their caregivers need acknowledgment, support, and services to meet their needs over the lengthy progression of the chronic condition.

In California, there are 670,000 residents living with Alzheimer's disease. This is more than any other state in the nation, and the state's population of residents living with Alzheimer's disease is projected to grow by 25 percent in the next five years, devastating 840,000 individuals by 2025. African Americans, Latinx, and women are disproportionately impacted by Alzheimer's disease and have higher prevalence rates than the general population.

For these reasons, the Alzheimer's Association appreciates your leadership on Alzheimer's and Brain Awareness Month to help educate Californians on the importance of early detection and timely diagnosis of Alzheimer's.

Sincerely,

SUMMARY: Recognizes May 23, 2019, as Latina Action Day and encourages the people of the State of California to support the continuous work and commitment of all Latina leaders in our communities. Specifically, **this resolution** makes the following legislative findings:

- 1) Latinos have always been major contributors to California’s history since the inception of our state in 1850, and their population is growing every year with thirty-nine percent of Californians identifying as Latino as of July 2018, a higher percentage than any other ethnicity of color.
- 2) The Department of Finance estimates that between 2016 and 2030, the state’s general population will increase by 4,800,000 people, including 3,600,000 Latinos. Between 2030 and 2060, the general population is expected to increase by another 7,600,000 people, including 6,500,000 Latinos.
- 3) Latinas have showcased their greatest strength and talent in every discipline and field they indulge in, including the sciences, arts, and politics.
- 4) Great female leaders like Ellen Ochoa, Dolores Huerta, and Associate Justice of the United States Supreme Court Sonia Sotomayor, who have had the courage to rise up, defy the norms, and represent proudly their Latino counterparts, have inspired Latina Action Day, celebrating its 25th year this May.
- 5) Every year, over 400 Latinas from all over California convene in Sacramento for Latina Action Day, an annual public policy issues conference organized by the nonprofit organization, Hispanas Organized for Political Equality.
- 6) For 30 years, this one-day conference has created an opportunity for dialogue between corporate, community, and elected Latina officials to discuss current issues and policies affecting California’s women of color; and, this conference also creates an opportunity for young Latina leaders to gain firsthand experience of advocacy by allowing them to speak to different representatives and voice their concerns on issues affecting their communities.
