AMENDED IN ASSEMBLY MARCH 12, 2014

CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

Assembly Concurrent Resolution

No. 111

Introduced by Assembly Member Levine

February 24, 2014

Assembly Concurrent Resolution No. 111—Relative to Colorectal Cancer Awareness Month.

LEGISLATIVE COUNSEL'S DIGEST

ACR 111, as amended, Levine. Colorectal Cancer Awareness Month.

This measure would designate the month of March 2014 as Colorectal Cancer Awareness Month.

Fiscal committee: no.

1 WHEREAS, Colorectal cancer is the second leading cause of
2 cancer deaths in California, with 14,255 new cases and ~~5,265~~
3 5,265 deaths expected in 2014; and

4 WHEREAS, Colorectal cancer is treatable, curable, and in many
5 cases, completely preventable; and

6 WHEREAS, When colorectal cancers are detected at an early
7 stage, survival is 95 percent; and

8 WHEREAS, There were approximately one million colorectal
9 cancer survivors in the United States in 2002; and

10 WHEREAS, Colorectal cancer is known as a silent killer because
11 symptoms only show up in the later stages of the disease; and

12 WHEREAS, With proper screening, colorectal cancer can be
13 prevented or, if found early, treated and cured; and

98

1 WHEREAS, In ~~2012~~, 2010, only 51 percent of California adults
2 50 years and older had received colorectal cancer screening
3 according to the guidelines; and

4 WHEREAS, According to the United States Preventative
5 Services Task Force, access to appropriate use of colorectal cancer
6 screening tests, such as colonoscopy, sigmoidoscopy, and fecal
7 occult blood test (FOBT)/fecal immunochemical test (FIT), could
8 reduce death rates of colon cancer up to 66 percent; and

9 WHEREAS, According to the American Cancer Society, in
10 2011, only about ~~43~~ 45 percent of colorectal cancers were
11 diagnosed at an early, more treatable and curable stage; and

12 WHEREAS, The uninsured, underinsured, and underserved are
13 least likely to get screening for colorectal cancer, which means
14 they are more likely to be diagnosed at a late stage when chances
15 of survival drop to 13 percent; and

16 WHEREAS, Colorectal cancer screening is one of the most
17 cost-effective prevention measures in health care, more
18 cost-effective than breast or prostate cancer screening; and

19 WHEREAS, African Americans have the highest colorectal
20 cancer incidence and mortality rates of all racial groups in this
21 country; and

22 WHEREAS, In California, colorectal cancer is the second most
23 common cancer among Korean, Hispanic, Japanese, South Asian,
24 Kampuchean, and Hmong men, and the second most common
25 cancer among Chinese, Filipino, Hispanic, Japanese, Korean,
26 Laotian, Vietnamese, and Kampuchean women; and

27 WHEREAS, The California Colorectal Cancer Coalition (C4)
28 is a nonprofit organization established to increase colorectal cancer
29 screening rates in an effort to decrease mortality associated with
30 the disease, and implement strategies to reduce disparities in
31 colorectal cancer screening, diagnosis, and treatment among
32 underserved populations in California; and

33 WHEREAS, The California Colorectal Cancer Coalition (C4)
34 encourages Californians to discuss the colorectal cancer screening
35 test that is best for them with their doctors and believes that the
36 best test is the one you have done; now, therefore, be it

37 *Resolved by the Assembly of the State of California, the Senate*
38 *thereof concurring*, That the Legislature designates the month of
39 March 2014 as Colorectal Cancer Awareness Month; and be it
40 further

- 1 *Resolved*, That the Chief Clerk of the Assembly transmit copies
- 2 of this resolution to the author for appropriate distribution.

Date of Hearing: March 17, 2014

ASSEMBLY COMMITTEE ON RULES

Richard S. Gordon, Chair

ACR 111 (Levine) – As Amended: March 12, 2014

SUBJECT: Colorectal Cancer Awareness Month.

SUMMARY: Designates March 2014 as Colorectal Cancer Awareness Month. Specifically, this resolution makes the following legislative findings:

- 1) With proper screening, colorectal cancer is treatable, curable, and in many cases, completely preventable; and, according to the American Cancer Society, in 2011, only about 45 percent of colorectal cancers were diagnosed at an early, more treatable and curable stage.
- 2) Colorectal cancer screening is one of the most cost-effective prevention measures in health care; and, the uninsured and underserved are least likely to get screening and treatment for colorectal cancer, which means that they are more likely to be diagnosed at a late stage when changes of survival drop to 13 percent.
- 3) In California, colorectal cancer is the second leading cause of cancer deaths in both men and women; and, the California Colorectal Cancer Coalition (C4) is a nonprofit organization established to, among other things, implement strategies to reduce disparities in colorectal cancer screening, diagnosis, and treatment among populations in California.

House Resolution

No. 34

Introduced by Assembly Member Melendez

March 5, 2014

House Resolution No. 34—Relative to National Surveyors Week.

1 WHEREAS, There are over 45,000 professional surveyors in
2 the United States, and 3,488 in the State of California; and

3 WHEREAS, Surveying is the art and science of accurately
4 determining the position of points and the distances between them
5 and is often used to establish land boundaries for ownership or
6 governmental purposes; and

7 WHEREAS, Surveying has been an essential element in the
8 development of the human environment since the beginning of
9 recorded history, and it is a requirement in the planning and
10 execution of nearly every form of construction with its most
11 familiar modern uses in the fields of transportation, building and
12 construction, communications, mapping, and the definition of legal
13 boundaries for land ownership; and

14 WHEREAS, In order to accomplish their objective, surveyors
15 use elements of engineering, physics, mathematics, law, and
16 history; and

17 WHEREAS, Since the colonial days of the United States,
18 surveyors have been leaders in the community, statesmen,
19 influential citizens, and shapers of cultural standards; and

20 WHEREAS, Former notable surveyors include George
21 Washington, Thomas Jefferson, Abraham Lincoln, Meriwether
22 Lewis and William Clark, Daniel Boone, and Henry David
23 Thoreau, among many others; and

1 WHEREAS, It was the work of the surveyor that determined
2 the boundaries of land, the greatest economic asset in the colonies
3 and territories that became the United States, including California;
4 and

5 WHEREAS, The nature of surveying has changed dramatically
6 over time, as it is no longer limited to the description and location
7 of land boundaries; and

8 WHEREAS, Hydrographic surveys are important to the use of
9 all bodies of water; and

10 WHEREAS, Engineering surveys are utilized in the study and
11 selection of engineering construction; and

12 WHEREAS, Geodetic surveys determine precise global
13 positioning for activities such as aircraft and missile navigation;
14 and

15 WHEREAS, Cartographic surveys are used for mapping and
16 charting, as well as photogrammetry, the science of using aerial
17 photographs for measurement and map production; and

18 WHEREAS, Many services are now provided through the use
19 of sophisticated surveying equipment and techniques, including
20 satellite-borne remote sensing devices and automated positioning,
21 measuring, recording, and plotting equipment; and

22 WHEREAS, The establishment of the week of March 16 to
23 March 22, inclusive, 2014, as National Surveyors Week is a fitting
24 tribute to all surveyors; now, therefore, be it

25 *Resolved by the Assembly of the State of California*, That the
26 Assembly recognizes the week of March 16 to March 22, inclusive,
27 2014, as National Surveyors Week; and be it further

28 *Resolved*, That the Chief Clerk of the Assembly transmit copies
29 of this resolution to the author for appropriate distribution.

ASSEMBLY COMMITTEE ON RULES

Richard S. Gordon, Chair

HR 34 (Melendez) – As Introduced: March 5, 2014

SUBJECT: National Surveyors Week.

SUMMARY: Recognizes the week of March 16 to March 22, inclusive, 2014, as National Surveyors Week and is a fitting tribute to all surveyors. Specifically, this resolution makes the following legislative findings:

- 1) With over 45,000 professional surveyors in the United States, 3,488 are residing in California.
- 2) Surveying is the art and science of accurately determining the position of points and the distances between them.
- 3) Surveying has been an essential element in the development of the human environment since the beginning of recorded history and it is a requirement in the planning and execution of nearly every form of construction with its most familiar modern uses in the fields of transportation, building and construction, communications, mapping, and the definition of legal boundaries for land ownership.
- 4) The nature of surveying has changed dramatically over time, as it is no longer limited to the description and locations of land boundaries and includes hydrographic, engineering, geodetic, and cartographic surveys.
