ASSEMBLY COMMITTEE ON RULES

Richard S. Gordon, Chair

ACR 146 (Bloom) – As Introduced: May 6, 2014

SUBJECT: Senior Fraud Awareness Day.

SUMMARY: Proclaims May 15, 2014, as Senior Fraud Awareness Day. Specifically, this resolution makes the following legislative findings:

- 1) Senior fraud is a growing concern as millions have fallen victim to scams, such as Medicare scams, sweepstakes and lottery scams, work at home scams, bereavement scams, identity theft, charity scams, scams targeting older women, home repair, investment schemes, and reverse mortgage scams; and, senior citizens average one scam – type letter and two telemarketing phone calls per week.
- 2) The primary instigators of senior fraud are caregivers, scam artists, and unscrupulous salespersons and the tactics used are intimidation, fear, friendliness, authority, and control to get the victim to send money or share private financial information.
- 3) Senior citizens own more than one-half of all the financial assets in America, they are primary targets for fraudulent practices and it is estimated by the United States House of Representatives Subcommittee on Health and Long-Term Care that even though seniors only represent 12 percent of the population, they represent 30 percent of those being scammed.
- 4) Senior fraud is underreported due to older adults' embarrassment and lack of information about where to report fraud, but the Department of Business Oversight estimates that 70 percent of Californians over the age of 50 have been solicited by someone with the intent to defraud them.
